### MANILA HAS BEEN TAKEN

Beleaguered City Falls Into Hands Of Sampson and Merritt.

AMBASSADOR HAY TO BECOME SECRETARY OF STATE.

New York, Aug. 15—Special—A leading house in Wall street this morning received a dispatch from its correspondent at Hong Kong saying: "Manila has fallen, and is now in possession of the Americans."

#### All Want a Share.

Washington, Aug. 15—Special—Every effort is being made here to prevent the meddling of European powers in the peace negotiations with Spain. There is no fear of interference so far as the terms stipulated in the protocol are concerned. The president took care to forestall all disputes by making his conditions explicit. But there are other matters in which the powers can hamper negotiations. Germany will probably want a slice of the Philippines, Russia may demand something in the same region, while France may demand compensation for the services of her ambassador in the peace negotiations. England usually comes in for a share of the plunder of every conflict, but it is not known what she will demand this time. In view of her friendliness towards the United States during the conflict there is a disposition to listen to her, but for once she seems to have decided to keep her fingers out of the pie. More trouble is apprehended from Germany than from any other nation, but officials look to England to veto the ambitions of the young emperor of the Teutons. To avoid complications arising from the greed of powers not concerned in the dispute great caution will be required, and progress of the settlement may be slow.

#### Disposition of the Philippines.

Washington, Aug. 15—Special—The wisdom of the president in omitting from his peace stipulations all mention of the disposition to be made of the Philippine islands is being demonstrated. Through this omission the government finds itself free to take advantage of circumstances without the least embarrassment. If it shall be deemed expedient to exercise a protectorate over Luzon, it can be done; if the independence of the island is thought advisable this can be brought about, or if authority over it is to be given to Spain or any other power, this can be accomplished without in any way compromising this government. Under the terms of the protocol this question will be an independent one, in no way affecting other issues at stake.

#### Capital For Cuba.

Washington, Aug. 15—Special—The treasury department is already deluged with letters asking for information as to the laws that will apply to American citizens going to Cuba to engage in business, and there is a prospect of a large emigration to that island as soon as the Spanish troops shall have evacuated. Most of the applications are from men who want to engage in business, but some come from those who contemplate engaging in agricultural pursuits, mostly the culture of tobacco. As soon as tranquility is restored there will be a large emigration of Americans to the island, and there will be no lack of capital with which to carry on the enterprises. The iron mines in Santiago province, already largely controlled by American capital, will be developed far more rapidly than ever before, and will alone be a large source of revenue to the government.

#### Feeling in Spain.

Madrid, Aug. 15—Special—There is a general acquiescence among all classes here in the arrangement for peace. The heart of the people has never been in the war for the reason that its results were foreseen to be disastrous. The only concern of those in authority is to save as much as possible from the wreck of the kingdom. It seems probable that Sagasta will be made the scapegoat, and the fall of his government, it is believed, will follow close upon the convening of the cortes.

#### Volunteers For Garrison Duty.

Washington, Aug. 15—Special—The war department is considering the plan of garrisoning the military posts in various parts of the country with volunteer troops for the present.

IS LIKELY TO COMMAND NEW MILITARY DEPT.

MAJ. GEN. FITZHUGH LEE, SEVENTH CORPS.

Major General Lee was born in Fairfax county, Va., in 1835. He is a West Pointer, served in the Confederate army, was elected governor of Virginia in 1885 and was appointed consul general to Cuba in 1897.

#### LI HUNG CHANG TO GO POPE LEO'S SUCCESSOR

Chinese Premier Has Fallen Under England's Displeasure By His Pro-Russianism

London, Aug. 15—[Special]—The Manchester Guardian understands that the foreign office proposes to de-

LI HUNG CHANG.

mand from the Chinese government the dismissal of Li Hung Chang whose collusion with Russia is regarded as the foundation of the anti-British policy of China.

#### RATHER A PRECOCIOUS YOUTH

A Four-Year-Old Who Caused a Conflagration by His Love of Sport.

John Monahan, who resides near Mount Zion, has a four-year-old grandson whom he will no doubt remember for many years to come. The little boy, after capturing two chickens, tied their legs together, and then taking them to the buggy shed, placed them on the reach of a new seventy-dollar buggy so that one chicken hung on each side. Then he gathered up an armful of hay, and placing it beneath the chickens, set it on fire. Seeing that he could not extinguish the flames, he ran out, shutting the door behind him, and gave the alarm.

Before the flames could be extinguished the shed, buggy, cutter, some robes and machinery were totally destroyed. The loss will reach \$150 without insurance. Whether or not this grandson has been reading dime novels is a question that at present has not been solved.

#### FACED THE BAR OF JUSTICE

Several Offenders Against Public Order Were Arraigned Today.

When the case of the State of Wisconsin against Charles Elser was called in the municipal court this morning it was dismissed for the want of the complaining witness to prosecute. Mr. Elser swore out a warrant a few days ago for the arrest of his divorced husband because he called her "an old sow."

Patsy Griffin was again up for a plain common drunk, and on his solemn promise never to again indulge in intoxicating drink he was allowed his freedom. Patsy said it was as if he meant it.

Otis Walkley, who is making a hard effort to see how many times he can get in jail inside of a year, was also before the court on the charge of drunkenness. He couldn't pay a one dollar fine, so he went to jail for two days.

Mrs. FRANK BEHRENDT and daughters, of Chicago, are the guests of Mr. and Mrs. J. W. Nash.

Excitement in the Sacred College and Among Representatives of Foreign Governments.

London, Aug. 15—[Special]—A dispatch to the Daily News from Rome says: "There is the utmost excitement in the Sacred College among the candidates for the papacy and their supporters. The governments interested are intriguing, and France, Germany and Austria have ordered their representatives not to leave Rome. The pope's physicians fear the effect of the hot weather on him."

#### WILL TAKE AN OUTING

President McKinley Will Probably Spend His Vacation At New Jersey Lake.

Lake Potomac, N. J., Aug. 15—[Special]—President McKinley is expected to be the guest of the country club here the last week in August.

#### A RECORD RUN FROM BELOIT

Three Men On a Wheel Made the Distance in Thirty-Five Minutes.

The bicycle record between this city and Beloit was set at such a hot pace yesterday that it is liable to remain undisturbed for some time to come. Frank Van Wart, W. Gowing and L. D. Chittick, of Beloit, are responsible for the act.

At seven o'clock last evening they whirled into town on a triplet at such a rate of speed that even the motor-men on the local street car line were ashamed of themselves for ever trying to run the cars at a mile a minute rate. Van Wart, who by the way, is respected by every cyclist in the city of Janesville, says that they made the trip from Beloit to Janesville in just thirty-five minutes.

#### WAS NOT THE MAN WANTED

Man Arrested in La Fayette County Was Not the Horse Thief.

Sheriff Acheson received a telegram Saturday morning, from Sheriff Bennett, of La Fayette county, notifying him to come to Darlington at once, to see if he could identify a man working there as Matt Maloney, the horse thief who made away with the racing steed, Jennie Tomba.

Sheriff Acheson made the trip, but on his arrival it took him just one minute to see that Sheriff Bennett had made a mistake in his man. Although the man answered the description sent out by the police, in many respects, he was not Maloney, and Sheriff Acheson was obliged to return home Saturday evening empty handed.

#### ENJOYING HIS FOREIGN TRIP

Stuart B. Heddles Is Visiting Old Customers and Will Be Home Soon.

Millard Callins, the well known leaf tobacco dealer, received a cablegram this morning from Stuart B. Heddles dated from Amsterdam, Holland. The message was brief and to the point stating that Mr. Heddles and his wife were well and enjoying a fine trip. In a recent letter received in the city Mr. Heddles stated that he would set sail for America from Liverpool on the steamer Lucania on Aug. 20. While in Holland he met several large dealers in leaf tobacco that he has had considerable business with in late years.

A very pleasant party with lunch baskets filled with goodies spent the day fishing up the river. Those who made up the party were Mr. and Mrs. Harris Hammon, Florence, Edith and Eddie Hammon, Mr. and Mrs. Ed Randall, Mr. and Mrs. Will Frey, Gladys and Hazel Frey and Miss Violet Osborn.

### PREPARE FOR PEACE

Auxiliary Naval Vessels Will Go Out of Commission.

AMERICAN CAPITAL IS SEEKING INVESTMENT IN CUBA.

Washington, Aug. 15—Special—The labor of getting back to a peace has promises to be tremendous. There will for a time be need for nearly all the enlisted men in the army for occupying the conquered territory, but the naval establishment can be reduced to a peace basis at once, thus saving an immense outlay. The auxiliary cruisers purchased from the Trans-Atlantic lines will be disposed of on the best terms available, and a considerable number of gunboats will be placed on the retired list and the crews discharged from service. As many of the enlistments were made for the war period only this can be done without much difficulty. It is the desire of the administration to return to a peace footing as soon as safety will permit, and steps will be taken immediately to that end.

#### War Indemnity Through Customs.

Washington, Aug. 15—Special—It seems probable that the United States will receive a war indemnity by means of the customs duties collected at Cuban ports during the temporary occupation by our army. Gen. Shafter reports the collection of \$58,445.24 from July 30 to Aug. 13. If other ports make a proportionate showing it will not be long before the cost of sending the army to Cuba will be returned to the government. At any rate the sums thus received will go a considerable way towards meeting the expenses of this government.

#### Quiet Day in Washington.

Washington, Aug. 15—Special—This has been the quietest day at the departments in months. There is none of the bustle and activity that characterized the war period, and clerks as well as bureau chiefs are taking things easy. There are no new developments to talk about, and consequently there is a dearth of gossip. The only event at all sensational is the defiant attitude of the Spanish commander at Coamo, who threatened on Saturday to fire upon a flag of truce sent by Gen. Wilson to inform him of the declaration of peace. There is some amusement at his bravado, but the incident, it is believed, will be harmless.

#### Hay For Secretary of State.

Washington, Aug. 15—Special—The transfer of Ambassador John Hay from the court of St. James to the state department is regarded here as a well deserved promotion, although it involves a reduction of pay. Col. Hay, however, is a man of considerable means, and the salary will cut but little figure with him. Judge Day, the present secretary of state, will find abundant employment for a year at least in settling the account with Spain. He is to be at the head of the chief commission to arrange the peace with Spain. Ambassador Hay is exceedingly popular here, and his addition to official life would be hailed with profound satisfaction.

#### No Extra Session.

Washington, Aug. 15—Special—The formal and final settlement of peace, it is now thought, will not be made until December, when congress will meet. The president does not care to hasten the proceedings, and talk of an extra session is dying out. The president's power and authority remain under the volunteer army act, as he may keep the present large army up long as he pleases.

#### The Cable to Manila.

Washington, Aug. 15—Special—Cable communication with Manila will probably be established within the next day or two if the efforts of this government, supported by Great Britain and Spain, are successfully directed, in order that further bloodshed may be avoided and suspense relieved regarding the critical conditions existing there.

#### Honors For Gen. Lee.

Washington, Aug. 15—Special—Gen. Fitzhugh Lee visited the war department and the president this morning. It is said in the war department that Lee will be the commanding general of the new military department to be created in Cuba, and head of the Havana joint military and naval commission besides.

## WORDS OF WISDOM SPOKEN IN PULPITS

REV. MR. KEMPTON RESUMES  
WORK AFTER A VACATION.

He Speaks of the Great Message of Peace Brought to Man By Christ—Rev. Walter A. Hall Draws Lessons From the Miraculous Cure of Blind Bartimaeus.

A very large congregation greeted Mr. Kempton at his first service at the Baptist church after his vacation. His subject was "Peace! Peace!" His text was in Isaiah 26-3.

Last Friday one of the greatest events of the year occurred at the White House in Washington. Peace was declared and the world soon heard the beautiful message. A greater message is here given to us in this verse of holy scripture.

Is there such a thing as perfect peace? It is not in this world. It is not among the nations of earth. Neither is it found among the religions of earth, although it is nearer perfection than ever before.

There are many homes where peace reigns, but we cannot say in a general way that perfect peace is found in the home. Where can we find it? In Jesus Christ alone. In his last will and testament Christ left us peace.

What is peace? It is a quiet place where peace dwells; not a dead place but activity is there. In peace there is security. In perfect peace there is eternal security.

Where shall this perfect peace be found? It is not upon the surface of things. We are like the sea, those whose lives are simply upon the surface of the earth, disturbed by the winds and waves of temptation and worldliness are strangers to peace, but those who are trusting in Christ can rise above these things and enjoy a perfect peace in him. Sin only can destroy that peace. God will keep them in perfect peace whose minds are staid upon God. This promise, given by a loving father is for you, my weary and sin sick brother. Come to him and receive it.

In the evening there was a union service, with a sermon by Rev. J. B. Smith.

### BLIND BARTIMAEUS.

Sermon by Rev. Walter A. Hall, At Court Street Church.

Rev. Walter A. Hall, the pastor of Court Street church, preached yesterday to a large audience on "Blind Bartimaeus." The attention was certainly superb. He spoke of the novelty of physical things as they are proclaimed by vision, to one who has been born blind. If any images are formed in his mind how utterly inconceivable and how very vague they must be. He has many times walked a mile. It is a long weary distance to him. Tell him how far away are some of the stars, and that you can see them. How almost impossible the statement to him. Mr. Hall spoke at some length on what a loss was the loss of sight. He said I will try to show you a very little of the very much Bartimaeus lost out of a single day. It is sun rise in Palestine, in the north stands tall Lebanon. She reaches away up into morning's gold, and is created with fire. The golden descent of the sunlight down the mountain side measures off the glorious ascent of the yet unseen sun behind the horizon. The morning gradually coming down now bathes the smaller hills with splendor. It furnishes the valleys with gold, and at last it laughs and glances away out to the sea. A splendid spectacle of nature. No pageantry of man compares with it. God speaks some words of splendid meaning in it. But Bartimaeus, poor Bartimaeus, blind Bartimaeus! Not a spark of all this glory for his soul! Mr. Hall then went on, showing much in the day for those who had eyes, all of which was lost for him. The sun shone not, the stars glowed not for Bartimaeus. He was blind. Mr. Hall showed the helplessness of Bartimaeus. More, he was a beggar. Then he gave the beautiful story of the passing multitude; the unfortunate blind man; the compassionate Christ; the determined seeker after sight and light. "What wilt thou?" says the sure helper. "Lord, that I might receive my sight." Faith meets the conditions. Christ performs the cure. Immediately he sees. More, he follows Jesus in the way. This sermon was another in the series on The Life of Christ. The music rendered was very good.

## ALL IS QUIET AT OSHKOSH

No New Developments in Labor Circles Since Saturday Last

Oshkosh, Wis., Aug. 15.—The week just closed has been a quiet one as far as the woodworkers' strike is concerned, and appearances indicate that the manufacturers have made substantial gains. They have reported from day to day gradually growing crowds, and all have continued to operate save the Foster company. The manufacturers are cheerful and say that if no demonstrations are made their men will return to work tomorrow morning.

At one of the mills Saturday morning six strikers, all members of the union, came to work. They had notified the union that they were going to return. Many of the strikers still declare their confidence in ultimately succeeding, and allege that the reports sent out by the manufacturers of a general returning are misleading. It is claimed that many of the strikers who contemplated returning to work Monday have backed out because Thomas I. Kidd, president of the International union, arrived in the city Friday, and they anticipated trouble for themselves should they go to work.

The return of Mr. Kidd to the city is regarded as of bad effect by the manufacturers. Mr. Kidd was accompanied by Treasurer Grimes of the Woodworkers' Federation. The influence of these two men, it is thought, may stir up the strikers and perhaps lead to more violence.

Yesterday afternoon a mass meeting was held in South Side Turner hall, where an address was made by Mr. Grimes. In the evening a second meeting was held, and it is understood that the plan of calling out all the woodworkers in the furniture factories was discussed.

The Law and Order League has now a membership of 300.

## BAR CHECKS ARE ILLEGAL

Treasury Decision Which Interferes With the Business of Saloons

Janesville saloon keepers who for several years past have been using bar checks, billiard checks and other metal coin shaped vouchers must from now on cease their use.

It has been decided by Solicitor Maurice O'Donnell, of the treasury department, that the manufacture and distribution of aluminum and brass trade checks constitutes a violation of the law enacted February 10, 1891, which prohibits the manufacture of a metal or its compound which resembles the coin of the United States.

This decision was rendered Tuesday and it will affect the use of the checks in this city. Nearly all of the saloons and billiard rooms use the discs in their business and find it very convenient in paying winnings. Their use insures the spending of the money in the same place where they were won.

## FATALLY ILL IN CHICAGO

Miss Alice Todd, of Beloit, Is Dying From a Long Standing Complaint

Miss Alice Todd, of Beloit, who is well known to many in this city, is now dangerously ill in a hospital at Chicago. The Beloit Free Press says: "There seems to be no hope for the recovery of Miss Alice Todd, who is ill at the Presbyterian hospital in Chicago. Her trouble is of long standing and she went to the hospital that an operation might be performed, but it was found that her case is past recovery. Her condition has cast a gloom upon the wide circle of the family's friends."

## LA FOLLETTE IS OUT OF THE RACE.

HIS FRIENDS ADMIT HIS DEFEAT FOR GOVERNORSHIP.

Scotfield Is Certain of the Endorsement of the State Convention—Efforts to Bring Forward a Dark Horse Proven Utterly Futile—They Are the Invention of the Enemy.

The Chicago Inter Ocean contains the following special dispatch on the political situation in Wisconsin: Madison, Wis., Aug. 14.—La Follette is out of the Wisconsin gubernatorial race. Everything indicates that he will not have anything like the strength his friends anticipated a few days ago if he should go before the convention. But a new move is now looked for from the La Follette forces, which is nothing less than his withdrawal and the throwing of his strength to a new man.

It has leaked out that a conference was held at La Follette's office, at which ex-Governor W. D. Board, of Fort Atkinson, one of his chief advisers, was present. He arrived on a late train last night and left the city early this morning. It is believed that the move referred to was decided upon at this conference. Whether it will be announced before the convention or whether the intention was to keep it for a surprise to be sprung upon those who are strictly on the inside of the La Follette camp.

As one indication of the belief that such a move is planned, may be cited the fact that some of La Follette's closest political friends, who up to the present have insisted that he had a chance for the nomination, now admit that Scotfield will have as much as 100 majority in the convention.

The third-man move has been promulgated by a Milwaukee newspaper, which has shown a decided leaning toward La Follette, but which this morning came out in an editorial against his further candidacy.

Reports of mysterious origin and with absolutely no foundation were circulated last night that Scotfield had decided to withdraw. All these go to show that the way is being paved for La Follette. But the best informed politicians say La Follette will not be able to throw his entire strength to any other man, while the friends of Governor Scotfield will not be caught with such chaff, but will stay by the governor to the last, which they are entirely confident will be the close of the first ballot.

## Heavy Fire Loss in Fresno.

Fresno, Cal., Aug. 15.—Fire late Saturday night swept the Southern Pacific Railroad reservation from Mariposa street to Mono street, a distance of three blocks, and in a little more than an hour \$500,000 worth of property went up in smoke. Some of the buildings burned were packing-houses, and their destruction will throw about 500 people out of work. Night-Watchman Harper slept in the tower of the Forsyth packing-house, and it is not likely that any trace of him will ever be found. The fire spread so rapidly that he could not have escaped.

## AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully.

For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician.

He said nothing could be done for me but to go under an operation. In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—Mrs. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

The great and unvarying success of Lydia E. Pinkham's Vegetable Compound in relieving every derangement of the female organs, demonstrates it to be the modern safeguard of woman's happiness and bodily strength. More than a million women have been benefited by it.

Every woman who needs advice about her health is invited to write to Mrs. Pinkham, at Lynn, Mass.

## Heavy Fire Loss in Fresno.

Fresno, Cal., Aug. 15.—Fire late Saturday night swept the Southern Pacific Railroad reservation from Mariposa street to Mono street, a distance of three blocks, and in a little more than an hour \$500,000 worth of property went up in smoke. Some of the buildings burned were packing-houses, and their destruction will throw about 500 people out of work. Night-Watchman Harper slept in the tower of the Forsyth packing-house, and it is not likely that any trace of him will ever be found. The fire spread so rapidly that he could not have escaped.

## AN OPERATION AVOIDED.

Mrs. Rosa Gaum Writes to Mrs. Pinkham About It. She Says:

DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines to inform you of the good your Vegetable Compound has done me. I cannot thank you enough for what your medicine has done for me; it has, indeed, helped me wonderfully.

For years I was troubled with an ovarian tumor, each year growing worse, until at last I was compelled to consult with a physician.

He said nothing could be done for me but to go under an operation. In speaking with a friend of mine about it, she recommended Lydia E. Pinkham's Vegetable Compound, saying she knew it would cure me. I then sent for your medicine, and after taking three bottles of it, the tumor disappeared. Oh! you do not know how much good your medicine has done me. I shall recommend it to all suffering women.—Mrs. ROSA GAUM, 720 Wall St., Los Angeles, Cal.

## REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.

To the Republican Electors of Wisconsin:

By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

WARM TIMES IN  
FRONT OF SANTIAGOFRANK NICKERSON WRITES TO  
HIS COUSIN IN JANESVILLE.

Fighting From Trench to Trench Before the Spanish Stronghold—Bravery of the Troops in the Face of Many Discouragements—Capturing the Block Houses By Storm.

Parry L. Manger, of this city, has just received a letter from his cousin, Frank Nickerson, a former resident of this city, that will be of much general interest:

Santiago, Cuba, Aug. 2, 1898.—Dear Cousin—Your last letter I received in Leavenworth; you were then in Chicago, and I answered it from Chicago. We have exchanged from one place to another since then, and have been on the move most of the time. They say three moves is as bad as a fire, and I believe it, for today I am in camp three miles north of Santiago, with half a blanket and just what clothes I have on my back. Our marches were hard ones, and we could carry ourselves, but no clothing or bedding. It rains here every day, so our life is not a pleasant one. Half of us have mountain fever, and it leaves us as thin as Cuban children. The only fat thing here is the buzzards. They are larger and fatter than the western buzzard, for they get a good living here.

I suppose you have read in the papers about our fighting here. We have some papers dated the 10th of last month which give the Rough Riders and the Seventy-First New York the credit of all the battles. The Rough Riders did some good fighting—that is, the western men in it—but the Seventy-First was of no use. They kept in trenches like frightened sheep, and made a good mark for the Spaniards. The Third, Sixth and Ninth Cavalry charged two hills the first day. My troop had seven men wounded and one killed out of forty-four. We had marched on the 30th until 3 o'clock in the morning, and at daylight got bacon and hardtack and went into the fight, which started by my troop firing volleys at a Spanish block-house. A battery shelled it and was answered by shells and we soon heard the bullets of the Dons flying over our heads. The battery was on our left and just back of us they sent up the balloon. The Dons battery soon shot our balloon to pieces and then gave the line a few shells as well as our battery. Soon our whole line was in action and a hot fire was kept up. We advanced as fast as the thick vines and brush would let us, losing a man now and then but most of the shells as well as the rifle fire passed over us. We kept on the advance to the foot of the first hill.

A few volleys, a yell, and we were going up it. On top of this hill the Dons had a block house and a line of earthworks. In front of this they had two lines of wire fence. Up this hill we went over, under and through the wire fence while our line was raked by shell and rifle fire, many men being wounded and dead in the fences. On up to the trenches we went. The dons could stand it no longer; they lit out and ran. The way they ran led them across an open valley up another hill near Santiago, but very few ever saw Santiago, for we lay on the hill that had cost the brigade so dear and shot at everything that moved in the valley. From the other hill came shell after shell and volley after volley, and many were hit. A Gatling gun came up, and with the help of this gun and a cross fire by a brigade of infantry on our left we charged the second hill. We lost few men in the second charge; the dons could not stay and ran for Santiago. We held the second hill for the rest of the day. The Dons tried time and time again to take it, but fell back with heavy loss. Darkness stopped the battle for the day.

Then came burying the dead and throwing up trenches. This took all night, we having nothing to eat and no sleep. No one seemed to think of eating or sleeping. This is only what happened in the center of the line where Wheeler's division was; I don't know what went on in the other places, for our line was about eight miles long. At daybreak on the 2nd the fight started again, and it was a hard fight for about four hours over the same hill, but Spain could not retake it. We fought all day and at night we got raw bacon and hardtack and fresh water, slept in the trenches until about 10 o'clock, when the Dons came after us again. We fought from 10 o'clock until nearly daylight. No one slept. At daylight, the fight started all around the line and lasted until noon. Then a flag of truce stopped it, and we didn't have much fighting after that on our part of the line.

It rains here every day, and is getting tiresome. We all want to leave here; would like to go to Porto Rico, but don't get any news, so don't know where they will send us.

FRANK NICKERSON.

CHARLES A. RIDER  
DIED YESTERDAYRAILROAD CONDUCTOR FOR  
MANY YEARS.

Was Well Known Among Railroad Men Through the State—Has of Late Years Resided in Wisconsin—The Cause of His Demise Was Diabetes.

Charles A. Rider, aged fifty-eight years, died at 8:30 o'clock yesterday morning at his boarding house, No. 52 Race street. The cause of his demise was diabetes, he having been a patient sufferer for some time past.

Several years ago Mr. Rider was a resident of this city, and later he moved to Wisconsin, which city he has made his home in late years. For several years past he has been in the employ of the Chicago & North-western railroad company as a freight conductor, and was a valuable man in the service. Several months ago he was taken ill, and was obliged to abandon his position for work that was less wearing. The company then appointed him switch tender, assigning him to this city at the switch station that guards the Evansville cut-off. It was while on duty in this city that Mr. Rider was obliged to abandon his position and take to his bed. The attending physician at once pronounced his case one of diabetes, and his condition gradually grew worse till death ended his sufferings.

Deceased had been in the service of the company for many years, and was widely known by railroad men throughout the Badger state. Always attending strictly to his own business, Mr. Rider was a man who won the respect and esteem of all who made his acquaintance. Besides a devoted wife five children are left to mourn his death.

Services will be held in this city tomorrow afternoon at 3 o'clock, from the South High street home of Mrs. Rider. Rev. Mr. Smith will officiate, and the interment will be in Oak Hill cemetery.

Joseph J. Hennessey

Joseph J. Hennessey died this morning at 9 o'clock at his home, 217 North River street. For several weeks past he has been a sufferer with consumption, and through it all he bore his troubles bravely. The deceased died a young man, he being but thirty-seven. For several years past he had been employed in the B. B. Harper meat market at 203 West Milwaukee street, and as a straightforward business man he had the respect and esteem of all.

Mr. Hennessey has spent the greater portion of his life here in Janesville, and a large circle of friends will regret much his untimely demise. Besides a wife he leaves an aged mother.

Services will be held from St. Mary's church Wednesday morning, the interment to be in Mount Olivet cemetery.

George Kettle

George Kettle, aged 92 years and 4 months, died this morning at 6 o'clock at his home in Orfordville. He leaves eight children, four sons and four daughters to mourn his loss. They are: Mrs. Harriet Wright, England; Mrs. Eliza Wells, Footville, Wis.; Mrs. Mary McKearney, Manning, Ia.; Mrs. Lottie Chipman, Footville, Wis.; George Kettle, England; David Kettle, Texas; Henry Kettle, California; John Kettle, Town of Newark.

The funeral will take place on Wednesday at his late home at 10 o'clock. The interment will be in the cemetery at Center.

Rats In Slam.

The writer was astonished on visiting the house of the inhabitants of Slam (says a traveler) to see a huge rat walking quietly around the room and crawling up the master's legs in a cool, familiar manner. Instead of repulsing it or giving an alarm he took it up in his hand and caressed it and then we learned for the first time, to our utter astonishment, that it was a custom in Bangkok to keep pet rats. These are taken very young and carefully reared until they attain a monstrous size from good and plentiful feeding.

DEFECTS IN FIRE  
ALARM SYSTEMLAST NIGHT'S STORM DISABLED  
BOXES ON EAST SIDE.

Great Difficulty Was Experienced in Notifying Department of a Conflagration—Horace Cunningham's Barn and Contents Destroyed—The Glare Served as a Guide to Firemen.

For the lack of a proper fire alarm circuit, a barn and all its contents, causing a loss of nearly \$800, was consumed by fire at 4 o'clock this morning. After four different attempts had been made to turn in a fire alarm from boxes 35, 24, 28 and 25 on the west side of the river, the indicator finally registered enough of 28 to direct the department to the east side.

Flames that shot high into the air and which lit up the surrounding country for many blocks around, directed the department to the home of Horace Cunningham, No. 29 Milwaukee avenue.

The Work of Lightning.

Lightning had struck the upper portion of the Cunningham barn, and in the space of a few minutes' time, the flames were getting in their work. Six tons of hay were stored away on the upper floor, and this added fuel to the flames.

Neighbors discovered the fire before it was well under way, and attempted to turn in an alarm from box 35, which is situated but a few rods away from the fire.

Lightning during the early hours of the morning raised havoc with the fire alarm circuit on both the east and west sides of the river. A short time before the bolt fired the Cunningham barn a flash disabled the entire circuit on the east side so that it was impossible to turn in an alarm at any of the boxes on that side.

Electrician Henry Kline was working throughout the night repairing the damage as fast as possible. During the night lightning disabled the lines thirty different times, causing the most extensive damage since the Gamewell system has been in operation in this city. The large bell at the west side house refused to ring, and all kinds of trouble was experienced.

A Defective System.

The east side of the river has but one circuit when two should be in operation. As it now is if lightning strikes any portion of the line on the east side every box on that side is useless. On the west side where two circuits are now in use there should be five. To bring this about more room at the west side fire station is needed in which to store the electrical apparatus. When the attempt to turn in an alarm from box 35 was made last evening the blaze at the Cunningham barn was small and could easily have been extinguished had the alarm gone in. Had another circuit been in operation on the east side an alarm could easily have been turned in from some neighboring box. As it was last night no box on the east side was in working order.

Loss By the Fire.

Mr. Cunningham, aside from having a new \$650 barn destroyed is mourning the loss of six tons of hay, one hundred bushels of oats, ten bushels of clover seed, and a cutter. His loss will be in the neighborhood of \$800 with no insurance.

At 8:30 o'clock this morning a false alarm was turned in from box 28.

NEWS STOPPED A BATTLE.

Gen. Brooke's Forces Were Lined Up for a Fight.

SOLDIERS MUCH DISGUSTED.

Message Ordering Hostilities to Cease Prevented a Decisive Engagement at Porto Rico—Gen. Miles Said to Be Disappointed.

Ponce, Porto Rico, Aug. 15.—At Guayama Saturday the news of peace came just in time to intercept a lively battle. General Brooke's force, in three strong columns, had begun an advance toward Cayey to form a junction there with General Wilson's division, which has been making its way along the main road from Ponce to San Juan.

Three miles out, General Brooke's troops came upon a force of Spanish occupying strong intrenchments on the top of a mountain. Light battery B, Pennsylvania artillery, unlimbered its guns, loaded them with shells and had just received the order to commence firing when a message from General Miles announcing peace was received on the field over a military telegraph wire. The battery immediately was signaled to cease action, to the surprise of all the men, who were keyed up for battle. The news that the war was over spread rapidly among the soldiers, being received by company after company with roars of disgust. The officers could do nothing but leave the battle unfought and withdraw their troops. All returned to their former camp at Guayama.

The result of Friday's fighting by General Wilson's troops was a brilliant advance of artillery and the destruction of the Spanish batteries on the heights facing Alibonito. The Spanish rifle pits were also cleared. The first firing by the battery, at a range of 2,300 yards, silenced the Spanish guns. Then a portion of the battery, under Lieut. John P. Haines of the Fourth artillery, was moved forward within 1,000 yards of the Spanish rifle pits and there drove out the enemy and captured a blockhouse.

The firing of the Spanish riflemen and artillery was very wild. It reached the American infantry in the hills instead of the attacking battery. However, the enemy's rear lines were not dislodged at the end of the day's engagement. A few Americans were wounded. Corporal Swanson of the Third Wisconsin volunteers was killed by a shell which fell in the midst of the Wisconsin boys. The same missile wounded Corporal Jenks, Private Vought and Private Bunce, all of company L. Lieut. Haines, Fourth artillery, was hit in the back by a Spanish bullet after the attack had ceased. He is not badly wounded.

The signing of the treaty of peace by the United States and Spain has come a little too soon to suit the commanders of the invading army in this island. Their plans have been perfectly formed and were almost executed. The simultaneous advance of the four divisions toward San Juan was interrupted to-day in the very midst of the successful movement. If it could have been carried out as contemplated it would have been an invaluable lesson to the Porto Ricans, quelling such pro-Spanish sentiment as now exists and rendering American occupation and government of the island a comparatively simple matter.

Gen. Miles feels this and regrets that he is not to be permitted to complete the masterly military movement so carefully begun and so successfully carried forward up to this time. The occupation of Porto Rico has been made with a loss to the Americans of two killed and thirty-seven wounded. It is believed here that the military occupation of the island will have to be continued for more than a year in order that the civil government may be run smoothly and the inhabitants brought to accept American ideas of law and order.

WILL CONSIDER PLANS.

President Anxious to Send Home the Spanish Prisoners.

Washington, Aug. 15.—President McKinley and Acting Secretary of the Navy Allen will consider this week the method to be adopted for sending the naval prisoners to Spain.

It is desired to send Admiral Cervera and his men to their home with all possible dispatch. Spain will have to go to a heavy expense to transport the army in Cuba to their homes, and it is possible she may not be able to raise the money to pay for the return of the prisoners at Annapolis and Portsmouth.

In this event there is reason to believe that the transportation of Cervera and his soldiers would cost about \$100,000.

More Deaths in Shafter's Army.

Washington, Aug. 15.—A dispatch received by Adj.-Gen. Corbin from Gen. Shafter indicates that the health conditions among the troops at Santiago are improving. Gen. Shafter's report of the health conditions of his corps follows:

"Santiago de Cuba, Aug. 15.—Adjutant General of the Army, Washington: Sanitary report for Aug. 13: Total number of sick, 2,514; total number of fever cases, 1,947; total number new fever cases, 173; total number fever cases returned to duty, 357."

ILLINOIS IS FIRST.

Leads the Nation in Soldiers and Sailors at the Front.

Washington, Aug. 15.—Illinois has made a proud record in this war both on land and sea. It has sent more men

to the front than any other state in the union, and this is true as to the navy as well as to the army. The empire state of the east is far behind the empire state of the west, and the only state approaching Illinois in the number of men sent to service in Cuba, Porto Rico and the Philippines is Pennsylvania. From 62,000 to 64,000 regulars and volunteer soldiers have been sent to the three campaigns, and Illinois has the distinction of having furnished from 5,000 to 5,400 volunteers to the three armies.

Spain's Task Rendered Easier.

Vienna, Aug. 15.—The fact that the Cuban debt and its future payment are not mentioned in the Washington peace protocol is regarded in political circles here as indicating that the United States desires to show a more magnanimous spirit toward Spain than any one had hitherto been led to imagine that nation would show—as if, in short, the United States were favorable to compromise in that direction. According to opinion in Vienna, Spain's task of convincing the other nations that peace is being concluded with honor and that the hardest conditions may yet be averted is rendered the easier in consequence of the way in which the preliminary treaty has been framed.

Mourn Over the Terms of Peace.

Madrid, Aug. 15.—El Pais prints the text of the protocol signed by the United States and Spain with mourning borders and says: "Spain, without colonies, is reduced to the role of a third-rate power."

El Imparcial says: "Peace will not bring to Spain even the rest she so much needs after three years and a half of war."

El Nacion says, bitterly: "If Spain had at least been vanquished only after a furious and heroic struggle she could resign herself. Peace with the United States will only be a momentary respite from our misfortune."

Warships Will Go to Havana.

Washington, Aug. 15.—American warships will once again enter Havana harbor. This decision of the navy department will add an interesting chapter to the end of the war. It is not probable that any of the battle-ships will be selected for the work, as they have been ordered north, but two or more of the cruisers will be stationed in the harbor to protect American interests, and, if necessary, be instrumental in preserving peace in the city. Gen. Blanco will be notified over the Key West cable of their proposed entrance into Havana harbor and they will arrive there in a short time.

Italy Sends Good Wishes.

Washington, Aug. 15.—The United States government Sunday received the first congratulations from a foreign power upon the successful termination of the war with Spain. The congratulations came from Italy through the Italian ambassador, Baron Fava. He communicated to the state department, by direction of his government, an expression of the cordial satisfaction of Italy at the prompt signature of the preliminaries of peace.

Fifteen Spaniards Killed.

Madrid, Aug. 15.—Reports from Havana state that the bombardment of Manzanillo lasted from 3 o'clock until 9 in the evening, and that attacks were made by the insurgents at various points. During the engagement fifteen Spaniards were killed. The American commander summoned the town to surrender, giving the authorities three hours in which to capitulate.

One Camp for His Command.

Huntsville, Ala., Aug. 15.—Brig.-Gen. Carpenter and Snyder arrived Sunday afternoon and joined Gen. Coppinger at the Fourth corps headquarters. Gen. Coppinger has about decided to locate his entire command of 13,000 men in one camp. Two regiments to occupy the camp will reach here Monday night.

Duffield Slowly Recovers.

Boston, Aug. 15.—Gen. Henry M. Duffield of Michigan and his son Pitts, who both had yellow fever at Santiago, are now recuperating at York Harbor, Me. Their progress toward health is slow but sure. They are the guests of Maj. Daniel Goodwin, and Justice Brown is also one of the party.

Germany Welcomes Peace.

Berlin, Aug. 15.—The leading papers here welcome peace between the United States and Spain and express the hope that the latter country will endeavor to accept the situation and will not regard the loss of her colonies as an open wound, only to be healed by revenge.

Receive the Peace Decree.

Madrid, Aug. 15.—The governors general of Cuba and Porto Rico have acknowledged the receipt of the news of the suspension of hostilities between the United States and Spain and announced the carrying out of the orders.

Raising the Blockade.

Key West, Fla., Aug. 15.—In accordance with orders from the navy department following the president's proclamation of a suspension of hostilities, Commodore Howell of the north Cuban coast blockading squadron is rapidly assembling his ships at Key West.

Says Europe Must Be Heard.

Berlin, Aug. 15.—The Vossische Zeitung says that the fate of the Philippines concerns not only Spain and the United States, but also other powers, who must have a voice in the settlement of that question.

Oklahoma Cyclone Kills.

Guthrie, Ok., Aug. 15.—A cyclone near Martha, Greer county, destroyed a large cotton gin and the residence of W. E. Martin and C. S. White, instantly killing Mrs. White.

ALLISON GOES TO WASHINGTON

Iowa Senator Unwilling to Serve a Peace Commission.

Dubuque, Ia., Aug. 15.—Senator Allison departed Sunday for the east, presumably to confer with President McKinley with regard to taking a place on the peace commission. It is believed by his friends at home that the senator, if he should consult his personal preference, will decline service on this commission, although not because he differs with the president with respect to the disposition which should be made of the Philippine islands. As a matter of fact he is believed to be in thorough accord with the president in this matter. But the finance committee of the senate must meet before congress assembles to consider the revision of the revenue legislation adopted last session, and Senator Allison will be engaged in that work.

BIG REVENUE INCREASE.

Commissioner's Report at Washington is Published.

Washington, Aug. 15.—The preliminary report of the commissioner of internal revenue shows that the receipts from all sources in the fiscal year ended June 30, 1898, amounted to \$170,869,119, an increase as compared with the previous fiscal year of \$24,249,925.

The receipts from the several sources of revenue during the year are given as follows: Spirits, \$92,546,899; increase, \$10,538,356; tobacco, \$33,230,622; increase, \$5,520,324; fermented liquors, \$39,515,421, increase \$7,043,250; oleomargarine \$1,315,780, increase \$281,000; allied cheese, \$16,518, decrease \$2,473; banks and bankers, \$1,180, increase \$1,094; miscellaneous, \$1,243,096, increase \$867,713.

## LATE NEWS BY TELEGRAPH.

## THE RESULTS OF THE WAR.

Our Losses and Those of the Enemy Compared.

## MATERIAL OF WAR CAPTURED.

No Official List of the Spanish Vessels Sunk or Captured Has Yet Been Prepared—Only One Naval Officer Was Killed.

Washington, Aug. 16.—The material gains and losses of the war cannot yet be presented from official sources or in trustworthy form.

Of some things the government is fully advised. It has taken Porto Rico, and is in possession of Cuba, or will be when the terms of the protocol are carried out, to remain in control until a stable government is established on the island.

The east end of Cuba, by the terms of the surrender of Santiago, is in actual possession, and Porto Rico has been occupied in part.

Of material captured at Santiago there were something like 10,000 Mauser rifles, with 10,000,000 cartridges, a few modern and some antique guns found in the harbor batteries.

No specific enumeration of the arms captured is available as yet at the war department, but the list will be made up as soon as the formal reports are filed.

It is known that some material of war has been picked up in Porto Rico, but it is yet too early to obtain the accurate information that will be accessible by and by.

No official list of the vessels of Spain captured and destroyed by the United States has been prepared by the navy department, but there is a vast amount of correspondence in the office of the judge advocate general of the navy out of which it is intended to arrange a statement of the character, cost and the loss to Spain involved in their capture or destruction.

The losses of the United States have been almost exclusively of the army at Santiago. The report of the adjutant general, published July 27, gave the latest list from headquarters of the dead and wounded as twenty-one officers and 205 enlisted men killed and seventy-seven officers and 1,197 men wounded, and eighty-four enlisted men missing.

As yet there is no report of casualties at Manila except the first from Gen. Merritt, announcing the result of the conflict at Malate, and the brief list of losses there will end the sacrifices of life in the field in the far east.

The navy lost but one officer, Ensign Worth Bagley of the torpedo boat Winslow.

While there is no trustworthy report of the loss of life in the Spanish army before Santiago, Spanish reports put the dead at 227 and wounded at 460. The disproportion of wounded is observed by army officers, who say that with 227 men killed it would be reasonable to look for five times as many wounded.

## HAY TO BE PREMIER.

Ambassador to Britain Accepts Portfolio of Secretary of State.

Washington, Aug. 15.—President McKinley has received Ambassador Hay's acceptance of the office of secretary of state, soon to be vacated by Judge William R. Day. Mr. Day will head the American peace commission and will vacate his office as soon as his appointment on this commission is made.

Col. Hay is now making preparations to return to the United States, and it is expected he will take charge of the state department about Sept. 1. Whitelaw Reid, ex-minister to France, has been offered and has accepted the place as ambassador to the court of St. James, to succeed Colonel Hay. He is already making preparations to go to London, and will probably occupy the residence, temporarily at least, now leased by the present ambassador.

## Counterfeiting Gang Caught.

Washington, Aug. 15.—Information has been received by Chief Willkie of the treasury secret service of the arrest Friday and yesterday at Detroit, Mich., of a gang of counterfeiters, whose operations have given the government considerable trouble. They are Charles, Edward and David Johnson, with headquarters at 735 26th street, from which place, through efforts of Secret Service Operative Webb, the department has secured some of the important paraphernalia used by the men.

## Talking of Leo's Successor.

London, Aug. 15.—A dispatch to the Daily News from Rome says there is the utmost excitement in the sacred college among the candidates for the papacy and their supporters. The governments interested are intriguing and France, Germany, and Austria have ordered their representatives not to leave Rome. The pope's physicians fear the effect of the hot weather upon him.

## Troops Continue Drilling.

Chickamauga-Chatanooga National Military Park, Tenn., Aug. 15.—The men at Camp Thomas are now playing a waiting game, none of the officials seeming to know exactly what is in store for them or their men. The regiments ordered to new camps have received no order indicating when they will get away, and the men of other regiments have almost ceased speculating on the disposition to be made of them. Meanwhile the regular work goes on, and all commands are being as steadily drilled as when the war began.

## Col. John Atkinson Dead.

Detroit, Mich., Aug. 15.—Colonel John Atkinson, the foremost Irish-American leader in Michigan, a lawyer of more than state repute, died at his residence today. Colonel Atkinson entered the civil war as a private and rose to be lieutenant colonel. He was Parnell's adviser in Land League matters in this country. ## SPAIN WAS WEARY OF WAR.

The Country in General Welcomes Peace.

## OPINION AS TO CUBA'S DEBT.

Financial Circles Believe the United States Must Assume a Part of the Burden—Sagasta Is Selecting the Peace Commission.

Madrid, Aug. 15.—A New York World correspondent cables: The realization of peace was so completely discounted by public opinion that the formal signature of the protocol attracted comparatively little attention outside the press circles and the politicians, who find fault because it naturally furnishes Sagasta with a pretext for postponing the meeting of the cortes until October. The opposition press and leaders still affect to say that the cortes ought to be convoked to ratify the protocol, because it contains a provision for the cessation of territory in the West Indies and the Philippines and surrenders the sovereignty over Cuba.

The nation is so weary of war, press agitations and opposition to campaigns that the majority of the Spaniards entirely approve Sagasta's decision to not assemble the cortes until he has to submit a definite peace treaty, meanwhile keeping up the course of press and speech and the suspension of constitutional guarantees that have so successfully checked senseless excitement. The extreme parties and the "yellow" press wanted to foment public opinion regardless of the consequences.

Financial circles welcome peace heartily, but persist in believing that America, at the request of Spain, will be obliged, in behalf of Cuba, to assume the burden of part of its debts. The government is somewhat perplexed over the selection of commissioners to go to Paris. Prominent among the candidates are Leon Castillo, Abarzuza Maura, the Spanish minister at Brussels; Villanueva and Merry Del Val. The government will not appoint natives, but Spaniards only, for governors of the Philippine islands.

The Madrid press echoes the curiosity felt among all classes to know what America will now do with the Cuban and Philippine insurgents, and how it will disarm them. There is equal curiosity, mingled with much anxiety and diffidence, about the future regime which American-Spanish diplomacy will in concert devise for the Philippines. The platform of the opposition parties in the matter is that Spain had far better lose the entire archipelago than tolerate, after a definite peace has been established, a control by intervention or by a protectorate of a foreign power, which would retard the restoration of Spain's prestige and cripple her sovereignty.

## Spanish Ships Arrive.

Santiago de Cuba, Aug. 15.—The Spanish transports Isla de Luzon, P. De Sastre and Isla de Panny are in port and will begin embarking the Spanish troops today. It is expected that they will carry over 4,000. The transport Leona from Savannah arrived with the remainder of the Fifth Immune regiment.

## Another Find of Gold.

Victoria, B. C., Aug. 15.—News has reached here of a placer find on Pike creek, in northern British Columbia, which, from reports received, must be as rich as El Dorado creek in the Klondike. The discoverers took out from \$1,000 to \$1,500 in a week, and took their sacks to Skagway to spend for themselves. The Alaskan towns have been simply deserted, the men rushing to Tagish.
